PROPERTY DESCRIPTION

Sitting in one of the best cul-de-sac locations in the very desirable West Village, this home was built by Legacy Homes only one year ago. This 'Oakcrest' model was well upgraded with granite and ceramic tile in the baths, slate in the front entry and large mudroom, oil-rubbed bronze fixtures in the master bath, upgraded light fixtures and ceiling fans, extra plush carpeting and stairs off the back deck. That is all in addition to the already luxurious Legacy interior which features an open floor plan with hardwood floors, spacious bedrooms & grand master suite, a beautiful stone gas-log fireplace, a gourmet kitchen with granite counters, stone backsplash, stainless steel appliances & walk-in pantry. Additions such as a security system, upscale window treatments, professional landscaping including sod, underground sprinkling and an elegant antique bronze aluminum fence in back all complete this perfect home. West Village offers over 50 acres of common space including walking paths, sidewalks, a direct connection to the Ada/Cascade bike path and a neighborhood environment with many social activities.
